As you know, your registration for the 16<sup>th</sup> ISBR Symposium (ISBR2023) entitled you to become a member of ISBR until the next ISBR Symposium, which is planned for 2025 in Ghent, Belgium.

To establish your unique member login, just click [HERE](#), and login for the first time using your email address (the email that you used to register for ISBR2023) and any password. You will then be given instructions to set up your secure ongoing login.

Among other benefits, your new ISBR membership gives you access to the presentations from ISBR2023 which can be found in the [RESOURCES](#) section of the ISBR website. Here you will find copies of presentations from the symposium plenary sessions and many of the parallel sessions that have been made available to us. You must login as a member to be access these presentations.

We apologise that it has taken us a little longer than anticipated to set up the new member login process but hope that you will now be able to enjoy the benefits of your ISBR membership more fully, particularly the access to the ISBR2023 presentations. Please contact us at [admin@isbr.info](mailto:admin@isbr.info) if you have any questions.
