18th ISBR SYMPOSIUM
Bali, Indonesia
3 - 7 October 2027

# 2027 SPONSORSHIP PROSPECTUS

PUT YOUR ORGANISATION AT THE CENTRE OF TRUSTED GLOBAL DIALOGUE ON BIOSAFETY AND SUSTAINABLE BIO-INNOVATION.

PARTNERSHIP OPPORTUNITIES

**DATE:**
3—7 October 2027

**THE TRANS RESORT**
**BALI, INDONESIA**

WELCOME

# A PARTNERSHIP WITH PURPOSE

**On behalf of the International Society for Biosafety Research, we invite you to partner with the 18th ISBR Symposium in Bali.**

For more than 35 years, ISBR Symposia have created a trusted space where researchers, regulators, policymakers, technology developers and communicators can examine the evidence, challenge assumptions, and strengthen biosafety practice in support of sustainable bioinnovation.

The 2025 Symposium in Ghent welcomed nearly 400 participants and demonstrated the value of open, cross-sector exchange. ISBR2027 builds on that momentum and brings the community to Southeast Asia, a region where innovation in agriculture, food systems, and sustainability is advancing rapidly.

Your sponsorship is more than brand visibility. It helps sustain high-quality scientific exchange, supports participation from around the world, creates opportunities for emerging scientists, and enables meaningful professional connections. ISBR protects the independence of its program while working with partners to create relevant, measurable, and well-delivered benefits.

We look forward to shaping a partnership that reflects your priorities and contributes to a successful Symposium in Bali.

## WHY YOUR SUPPORT MATTERS

**SCIENCE**
Protects space for rigorous, independent exchange.

**ACCESS**
Broadens participation across regions and career stages.

**CONNECTION**
Creates focused interaction across sectors.

**LEGACY**
Strengthens the global biosafety community beyond the event.

## SYMPOSIUM LEADERSHIP

**DR HENNIE GROENEWALD**
PRESIDENT

**DR JENNIFER ANDERSON**
PROGRAM CHAIR

**DR BAMBANG PRASETYA**
LOCAL ORGANIZING COMMITTEE CHAIR

ABOUT ISBR

# A GLOBAL SYMPOSIUM WITH A >35-YEAR LEGACY

## A RICH HISTORY. GLOBAL IMPACT.

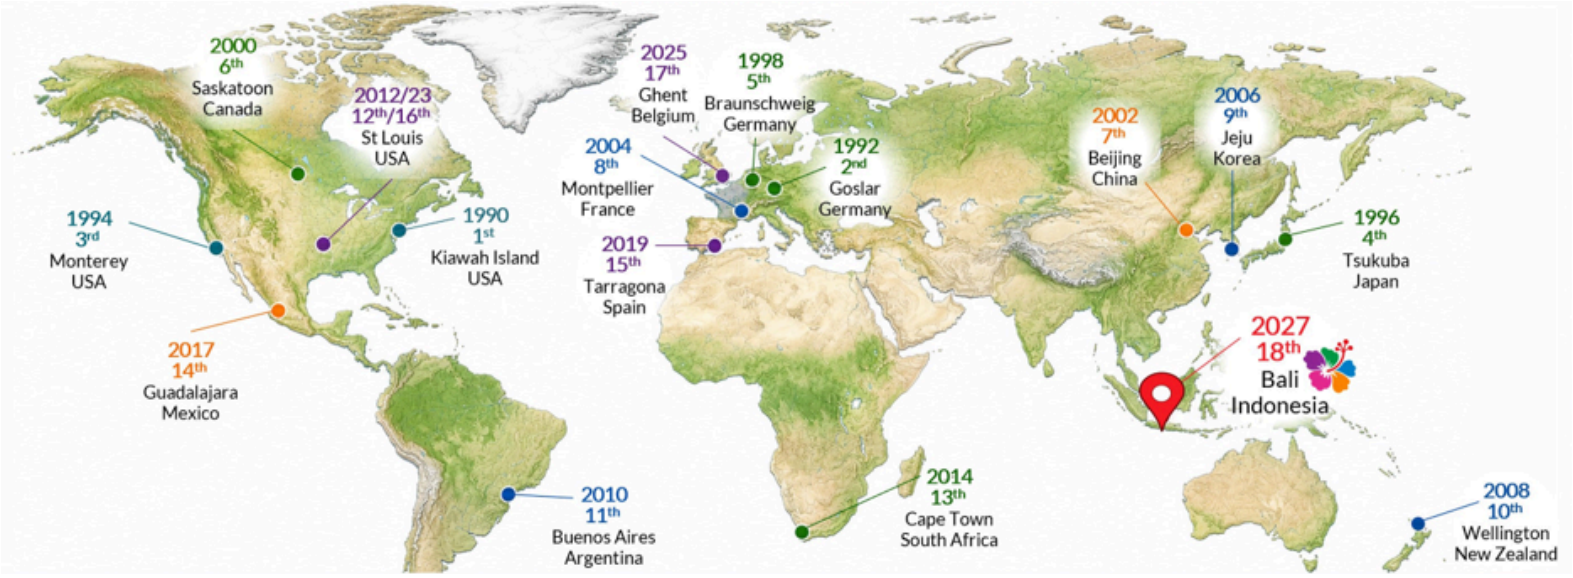

Since 1990, ISBR Symposia have grown into the premier global platform for biosafety science, risk analysis, and sustainable bio-innovation. Held every two years across six continents, our symposia bring together scientists, regulators, industry, communicators, and other stakeholders to exchange knowledge, advance science-based solutions, and shape responsible innovation for a sustainable future.

### GLOBAL REACH
17 symposia on 6 continents, bringing the world together.

### VALUE ADDITION
From science to policy and practice - advancing knowledge, capability and impact.

### STAKEHOLDER COLLABORATION
A diverse community working together for safe and sustainable innovation.

## WHERE WE'VE BEEN - WHERE WE'RE GOING

From its beginnings, ISBR has continuously evolved, adding value through science, collaboration and capacity building. Together, our diverse community is shaping a safer, more sustainable future for biotechnology worldwide.

SEE YOU IN BALI!

## OUR STRENGTH IS OUR DIVERSITY

- Technology Developers
- Biosafety/ Sustainability Researchers
- Regulators
- Science Communicators
- Others

All working together for responsible bio-innovation.

## THE NEXT CHAPTER

ISBR2027 in Bali combines ISBR's international scientific legacy with the perspective and momentum of Southeast Asia.

THE BUSINESS CASE

# REACH THE PEOPLE SHAPING BIOSAFETY RESEARCH & SUSTAINABLE BIOINNOVATION

The ISBR connects partners with a global community working across plant, animal and microbial biotechnology, biosafety assessment and regulatory dialogue to offer a credible setting to build relationships, exchange expertise, and gain visibility.

NEARLY
**400**
Participants at ISBR2025

**40+**
Countries represented

**4.5/5**
Average 2025 participant rating

**3.5 DAYS**
Concentrated engagement

## A HIGH-VALUE, CROSS-SECTOR AUDIENCE

**REGULATORS & RISK ASSESSORS**
People responsible for robust review, policy implementation and regulatory decision-making.

**RESEARCHERS & ACADEMICS**
Scientists producing and testing the evidence that underpins sound biosafety practice.

**TECHNOLOGY DEVELOPERS**
Organisations advancing responsible innovation in agriculture, food systems and biotechnology.

**RESEARCHERS & ACADEMICS**
Professionals translating evidence into policy, public understanding and institutional action.

## WHY BALI?

The Indonesian island province of Bali provides an internationally recognized meeting destination in Southeast Asia, bringing ISBR closer to a region where innovation, agricultural transformation and sustainability priorities are converging.

- Build visibility in a strategically important region
- Develop relationships across government, research and industry
- Associate your organisation with rigorous, responsible innovation

FOSTERING SUSTAINABLE BIOINNOVATION

A partnership between Science, Policy, and Society

## SCIENCE, POLICY, & SOCIETY ADVANCING TOGETHER

Under the theme "Fostering Sustainable Bio-Innovation: A Partnership between Science, Policy, and Society", ISBR2027 will explore how scientific evidence, effective policy, and societal engagement can work together to support responsible bioinnovation. Your sponsorship helps bring these perspectives together, supporting the exchange of knowledge and ideas that turns biosafety research into practical progress.

THE EXPERIENCE

# WHERE VISIBILITY BECOMES ENGAGEMENT

The 2027 program will follow ISBR's proven 3.5-day scientific program format, combining high-level science with practical exchange and purposeful connection.

**PLENARIES**
Shared perspectives on major scientific and policy questions.

**PARALLEL SESSIONS**
Focused exploration of priority topics and emerging evidence.

**WORKSHOPS**
Practical, participatory formats that turn ideas into action.

**PECHAKUCHA**
Fast-paced presentations that make new work accessible.

**POSTERS**
Direct exchange with researchers across disciplines and career stages.

**CONNECTION**
Structured and informal moments for high-quality conversations.

## MOMENTUM FROM GHENT 2025

ISBR2025 | GHENT, BELGIUM | NEARLY 400 PARTICIPANTS

## WHAT PARTICIPANTS VALUED

- Scientific quality and relevance
- Broad regulatory and regional perspectives
- Open discussion across sectors
- Community-building and professional connection

## STRONG SCIENCE, LASTING CONNECTIONS

ISBR2025 survey respondents particularly valued the exceptional networking and collaboration opportunities, high-quality scientific content, and current regulatory insights. Broad coverage across topics and disciplines, a diverse international mix of stakeholders, and engaging formats enriched discussion and supported early-career researchers.

The 2027 program format and opportunities are subject to the final program, venue, and scientific approval.

PARTNERSHIP OPTIONS

# CORE PACKAGES AND TAILORED OUTCOMES

**Choose the level of presence that matches your organisation's goals. Higher tiers add greater reach, access, and campaign integration.**

| BENEFIT | DIAMOND $25,000 | PLATINUM $15,000 | GOLD $7,500 | SILVER $5,000 | BRONZE* $2,000 |
|---|---|---|---|---|---|
| **Designation** | Lead | Premier | Major | Supporting | Innovation |
| **Complimentary registrations** | 4 | 3 | 2 | 1 | 1 |
| **Hospitality recognition** | Lunch + welcome | Lunch | - | - | - |
| **Digital presence** | App + posts | App + posts | App + posts | App + posts | App + posts |
| **Website profile** | 300 words | 200 words | 100 words | 50 words | Logo + link |
| **Sponsor banners**** | 4 | 3 | 2 | 1 | - |
| **Promotional space**** | 2 tables | 1 table | 20% discount | 15% discount | 10% discount |
| **Post-event record** | Detailed | Summary | Summary | Recognition | Recognition |

## PACKAGE NOTES

* Bronze / Innovation Partner: limited entry tier for eligible start-ups, academic and R&D organisations, local innovators, and not-for-profit partners.
** Promotional space and banner positions depend on the final venue plan.
-Sponsorship does not influence scientific content, speakers, abstracts or regulatory dialogue.
-Prices are in USD and include applicable taxes.

## TAILORED PARTNERSHIPS & DONATIONS

**Emerging Scientist Champion**
Support early-career participation.

**Global Access Partner**
Broaden participation from underrepresented regions.

**Sustainability Champion**
Enable practical responsible-event measures.

**Welcome & Connection Partner**
Create valuable networking moments.

**Scientific Exchange Partner**
Support an approved workshop or dialogue.

- We welcome sponsorships and donations from organizations and individuals, either for general support or directed towards an agreed purpose. Examples include student and early-career participation, access for delegates from underrepresented regions, scientific workshops, sustainability initiatives, and networking activities.
- The ISBR is a US non-profit corporation recognized under Section 501(c)(3). Sponsorships and donations are therefore tax-deductible in the US to the extent permitted by law.
- Directed contributions are agreed individually with the ISBR and must cover the full cost of the intended purpose. For example, sponsoring a student's attendance must cover registration, travel, accommodation, and all other necessary participation costs.

**Scientific independence:** Commercial support shall not influence scientific content, speaker selection, abstracts, or regulatory dialogue.

ISBR 2025 CREDIBILITY

# SUPPORTED BY LEADING ORGANISATIONS

Past participation by sponsors and supporters provides powerful proof that the ISBR is trusted by global organisations, industry leaders, research institutes, and scientific partners.

## DIAMOND SPONSORS

CropLife International

CORTEVA agriscience

Agriculture & Food Systems Institute

BASF We create chemistry

## PLATINUM SPONSORS

ABSTC Agricultural Biotechnology Stewardship Technical Committee

BAYER

## GOLD SPONSORS

CropLife Europe

syngenta

FuturaGene

GENE CONVENE GLOBAL COLLABORATIVE

FNIH Foundation for the National Institutes of Health

## SUPPORTERS OF ISBR 2025

biosafety South Africa
